If no supporting documents are provided (declaration of claim to the insurer, expert report, complaint report, etc.) within 30 days of the claim, Europ Assistance reserves the right to recharge the entire cost of the service to the Insured Party.

This service is extended to Business Premises if the Insured Party is a company director.

1.17. Early return or transport to a secure area in the event of an Attack or Natural Disaster

An Attack or Natural Disaster occurs within a maximum radius of 100 km around the place where the Insured Party is staying in his or her Country of Posting or Expatriation. The Insured Party is not injured, but wishes to shorten his or her stay in his or her Country of Posting or Expatriation. Europ Assistance shall organise and pay for travel by train (first class) or air (economy class) from the Insured Party's Country of Posting or Expatriation either to his or her Country of Origin or to a secure area, if the reception and security conditions are considered to be satisfactory there. The request to return early must be made within 72 hours of the occurrence of the Attack or Natural Disaster.

If the Insured Party opts to be transported to a secure area, Europ Assistance shall also organise and pay for the return trip to the Country of Posting or Expatriation when that country subsequently becomes safer, provided that this request is made within 15 days of the Attack or Natural Disaster.

A secure zone means an area of the territory defined by the authorities of the Country of Posting or Expatriation, or defined by the diplomatic services of the Insured Party's Country of Origin, located within a radius of 100 km around the place where the Insured Party is staying.

1.18. Sending medicines abroad

The Insured Party is outside his or her Country of Origin and his or her medicines, which are essential to the continuation of his or her treatment and the interruption of which, according to our doctors, poses a risk to his or her health, are lost or stolen. Europ Assistance will search for equivalent medicines on site and organise a medical examination with a local doctor who may prescribe them to the Insured Party. The costs of medical examinations and medicines shall be borne by the Insured Party.

If there are no equivalent medicines on site, Europ Assistance shall arrange, from France only, for the medicines prescribed by the Insured Party's treating physician to be sent, provided that the treating physician sends Europ Assistance's doctors a duplicate of the prescription given to the Insured Party and that these medicines are available in local pharmacies.

Europ Assistance shall pay the shipping costs and recharge any customs fees and the cost of purchasing the medicines to the Insured Party, which the Insured Party undertakes to reimburse on receipt of the invoice.

These shipments are subject to the terms and conditions of the courier companies that we use. In all circumstances, the transport of such medicines is subject to the regulations and conditions imposed by France and the domestic laws of each country on the import and export of the medicines.

Europ Assistance disclaims any liability for any loss of the medicines and any regulatory restrictions that could delay or make it impossible to transport the medicines, as well as for any consequences resulting therefrom. In all cases, shipments of blood and blood products, products restricted to use in hospitals or products subject to special storage conditions, in particular refrigeration and, more generally, products not available in pharmacies in France are excluded.

Furthermore, the cessation of the manufacture of the medicinal products, their withdrawal from the market or their non-availability in France constitute cases of force majeure that may delay the performance of the service or render it impossible.

1.19. Assistance in the event of theft, loss or destruction of your identity documents or means of payment

- **Information on steps to be taken**

If the Insured Party loses or has his or her identity documents stolen. Every day, between 8:00am and 7:30pm (French time) except Sundays and public holidays, Europ Assistance will inform you of the steps you need to take (filing a complaint, renewal of identity documents, etc.) by calling the "Information" service on 01 41 85 87 45.

This information constitutes documentary information referred to in Article 66.1 of the amended law of 31/12/71. Under no circumstances shall this information be deemed to constitute legal advice. Depending on the circumstances, Europ Assistance will direct the Insured Party to organisations or categories of professionals able to answer his or her questions. Europ Assistance may not under any circumstances be held liable for the interpretation or use that the Insured Party may make of the information provided.

- **Provision of funds**

In the event of the loss or theft of means of payment, credit card(s), chequebook(s) and subject to a certificate of loss or theft being issued by the local authorities, Europ Assistance shall send the Insured Party an advance of funds of up to €2,300 so that he/she can meet his or her basic expenses, subject to the following conditions:

- the payment by a third party of the corresponding amount by debit card,
 - or the payment by the bank at which the Insured Party holds an account, of the corresponding sum.
- The Insured Party will sign a receipt when the funds are handed over.

- **Extended stay**

The Insured Party loses or has his or her identity documents stolen outside his or her Country of Origin and is unable to leave the territory of the country in which he or she is located on the initial scheduled return date. Europ Assistance shall cover accommodation costs, up to the date on which the Insured Party obtains the issue of new identity documents and in all cases, up to a maximum of €150 per night and capped at €1,500.

Accommodation costs mean hotel costs following an insured event, excluding food and beverage costs. The Insured Party must attach to his or her request the original supporting documents relating to the accommodation costs that he or she actually incurred, as well as the declaration of loss or the complaint submitted in the event of theft.

1.20. Exclusions specific to the "Personal Assistance" service

In addition to the Common Exclusions specified in these General Terms and Conditions, Europ Assistance may not intervene under the circumstances set out below:

- **May not intervene outside the limit of the approvals given by the local authorities;**
- **May in no case take the place of the local emergency assistance organisations or cover the expenses thus incurred;**

- The consequences of pre-existing diagnosed and/or treated illnesses and/or injuries that have required continuous hospitalisation, hospital day admission or outpatient hospitalisation within the six months prior to any request, whether due to the manifestation or worsening of such condition;

2. Psychological Support

In the event of an Accident (including in a vehicle), an Assault or attempted Assault, the death of a Member of your family, an Attack or a Natural Disaster resulting in psychological trauma, Europ Assistance provides you, 24 hours a day, 7 days a week and 365 days a year, with a Counselling and Psychological Support service enabling you to contact clinical psychologists by telephone. The telephone interview(s), carried out by professionals who will remain neutral and attentive, will allow you to share your thoughts and gain clarity about your situation following this event.

Psychologists work strictly in compliance with the Code of Ethics applicable to psychologists, and will not under any circumstances initiate psychotherapy by telephone.

Europ Assistance shall organise and pay for three telephone interviews.

These telephone interviews are conducted in French only and you shall remain liable for the cost of telephone communications.

3. Travel incident

3.1. Scope of the cover

Following a delay in the arrival of an aircraft used in the Insured Party's outward or return trip to or from the Country of Posting or Expatriation, of more than 4 hours compared to the time initially scheduled, and resulting in a missed connection, the Insurer shall pay the Insured Party fixed compensation of €300.

This cover applies to:

- Outbound or return scheduled flights on airlines whose schedules are published,
- Outbound and/or return charter flights whose schedules are stated on the outward air ticket.

For the purpose of calculating the compensation, the length of delay affecting the outbound flight is not added to the length of delay affecting the return flight. The delay related only to a single (one-way) journey. However, the cover may apply to both the outbound flight and the return flight, if for each journey the delay exceeds 4 hours and causes the Insured Party to miss a connection. The cover takes effect on the date and at the time stated on the flight ticket and expires upon arrival at the destination airport.

This cover does not apply if you are transferred to another airline within the originally scheduled hours.

3.2. Exclusions from the Travel Incident cover

In addition to the standard Exclusions listed in these General Terms and Conditions, the following shall be formally excluded from the "Travel Incident" cover:

- loss while being transported by a transport company.

Limits on reimbursement for certain items

For valuables, pearls, jewellery and watches, furs, laptop computers, the reimbursement value may not under any circumstances exceed 50% of the insured amount. In addition, the items listed above are only insured against theft.

If the Insured Party uses a private car, the risk of theft is covered provided that the baggage and personal effects are contained in the boot of the vehicle, which is locked, and kept out of sight. Only theft by break-in is covered.

If the vehicle is parked on a public road, the cover only applies between 7:00am and 10:00pm (local time).

- **Delayed delivery of baggage**

During a trip, if that the Insured Party's personal baggage checked in with the airline that transported him or her is not handed over to him or her at the destination airport on his or her outbound trip and if it is returned to him or her more than 12 hours late, the Insured Party shall be paid fixed compensation of €300, by way of a contribution to the reimbursement of the costs that he or she has incurred in purchasing essential supplies.

This compensation is not combined with the main cover of €2,000.

- **Theft of your identity documents**

In the event that the Insured Party's passport, identity card (or residence card), vehicle registration card or driving licence are stolen from him or her during his or her stay outside his or her Country of Origin, the Insurer shall reimburse the Insured Party for the cost of obtaining replacement documents, on presentation of supporting documents, capped at €150.

4.2. **Amount of cover**

The amount shown in the Table of Cover Amounts constitutes the maximum reimbursement for all Claims occurring during the period of cover.

An Excess (only for damage to baggage: suitcases, bags, etc.) of €25 will be applied per Claim.

4.3. **Calculation of compensation**

The Insured's compensation shall be based on the replacement value of equivalent objects of the same nature, less any Wear and Tear and Excess. Under no circumstances shall the proportional rule set out in Article L 121-5 of the French Insurance Code be applied.

4.4. **Exclusions from the Baggage and personal effects cover**

In addition to the standard Exclusions listed in these General Terms and Conditions, the following shall be formally excluded from the "Baggage and personal effects" cover:

- theft of baggage, personal effects and objects left unattended in a public place or stored in premises jointly accessible by multiple persons,

5. Personal injuries

5.1. Accidental Death

When an Insured Party is a victim of an Accident and dies from its consequences within Twenty-Four (24) Months of its occurrence, the Insurer shall pay the Beneficiary the sums indicated in the Table of Cover.

This lump-sum payment is increased by €5,000 per child under the age of 25 who is financially dependent on the Insured Party.

This benefit is increased by 50% in the event of the Accidental Death of the Insured Party following a covered Air Accident. The cover is available to the Insured Party when he or she boards the aircraft and ceases when he or she leaves the aircraft.

Disappearance

If the Insured Party's body is not recovered following a shipwreck or disappearance or destruction of the means of transport in which he or she travelled, there is a presumption of Accidental Death after a period of One (1) Year from the day of the Accident.

The cover shall apply on presentation of a declaration of death issued by a court.

However, if it is proved, after the payment of the benefit to the Beneficiary, at any time whatsoever, that the Insured Party is still alive, the sum paid as regards the presumption of Accidental Death must be returned by the Beneficiary, in full, to the Insurer, with the Insured Party guaranteeing this return.

5.2. Permanent Total or Partial Disability due to an Accident

Where an Insured Party is a victim of an Accident and it is established that he or she remains disabled partially or totally as a result, the Insurer shall pay the Insured Party the product of the amount indicated in the Table of Cover and the rate of Disability as defined in the European physical and mental disability rating scale in force on the date of the Trigger Event.

If, within a period of Six (6) months after a Covered Accident, the consolidation of the victim's injuries has not occurred, and if the Permanent Disability with which the Insured Party will likely remain affected is at least equal to Thirty percent (30%) after an assessment by the Insurer's medical adviser, the Insurer shall pay the Insured Party, at his or her request, an advance on the compensation equal to Ten percent (10%) of the guaranteed benefit in case of Total Permanent Disability. This advance shall be deducted from the final settlement of the Claim.

The degree of Disability shall be established as soon as there is a Stabilisation of the Insured Party's condition and at the latest at the end of a period of Three (3) Years from the date of the Accident.

For cases of Disability not provided for in the scale, the rates shall be determined by comparing their seriousness with cases listed in the said scale. Evaluation of injuries to a limb or organ may not be influenced by the pre-existing degree of Disability of another limb or organ.

Where the consequences of the Claim are aggravated by the existence of an Illness or a physiological condition, or the refusal or negligence of the Insured Party to submit to the medical care necessitated by his or her condition, the compensation shall be fixed according to the consequences that the same Claim would have had in a person of normal health, not having any Disability and having undergone appropriate medical treatment. Should several limbs or organs be harmed by the same Accident, the degrees of Disability shall be combined without exceeding One Hundred Per Cent (100%).

Degrees of Disability shall be established regardless of any professional, social or family considerations.

In case of Accidental Death before the final Consolidation of the Disability, the benefit in case of Accidental Death shall be paid after deducting any sums paid for the Disability.

There shall be no accumulation between the "Accidental Death" and "Accidental Total or Partial Permanent Disability" cover, when resulting from the same Event.

The following Claims shall be formally excluded from the Accidental Death and Accidental Total or Partial Permanent Disability Cover:

- those resulting from an Act of Terrorism or Sabotage, an Attack or hostage taking, Kidnapping, a Civil War or a Foreign War occurring in one of the following countries: Afghanistan, Iraq, Libya, Somalia, Sudan, Syria, Yemen, Mali, Nigeria, Chad, Ukraine.

6. "Private life" Civil Liability

This cover applies strictly and only outside the Insured Party's Country of Origin or Nationality.

By extension, this cover is granted for a maximum of thirty (30) days:

- per year, during stays or organised holidays anywhere in the world
- from the first day of the Insured Party's definitive return to his or her Country of Origin or Nationality.

6.1. Scope of the cover

The Insurer shall cover the Insured Party and Members of his or her Family, on the express condition that they are designated in the Membership Certificate of the Policy, against the financial consequences of the Civil Liability that may fall to him or her under the laws in force or case law because of Consequential Bodily Injury, Property Damage, and Intangible Damage caused to Third Parties.

Only Damages resulting from a private act committed by the posted or expatriate Insured Party or one of the Members of his or her Family, on the express condition that he or she is designated in the Membership Certificate of the Policy, shall be covered.

The Insurer shall cover the Insured Party and his or her Family Members, on the express condition that they are named in the Membership Certificate for the Policy, against any financial liability they may have in their capacity as tenant of a property (apartment, house) resulting from any bodily injury or property damage caused to others by an accident, fire or explosion that starts on the premises temporarily occupied during the Trip.

The cover applies subject to the following conditions:

- you cause damage to a third party who brings a civil claim against you, and
- the harmful event occurs between the original effective date of the cover and its termination or expiry date, regardless of the date of the other elements constituting the Claim.

6.2. Amount of the cover for private life Civil Liability

It shall be fixed at **Four Million Euros (€4,000,000)** per Claim for all resulting Bodily Injuries, Property Damage, and Intangible Damage combined, with the cap reduced to **One Million Five Hundred Thousand Euros (€1,500,000) per Claim** for all the Damages that have occurred and Complaints made in the USA or Canada (including in their territories or possessions) with the following sub-limits:

- Food Poisoning: **One Million Five Hundred Thousand Euros (€1,500,000) per Policy Year**
- Resulting Physical and Intangible Damages: **Four Hundred and Fifty Thousand Euros (€450,000) per Claim**, less an **Excess of Eighty Euros (€80) per Claim**.
- Damage to equipment entrusted during an internship: **Twelve Thousand Euros (€12,000) per Claim**, less an **Excess of Eighty Euros (€80) per Claim**.
- Third-party rental liability abroad: **One Hundred Thousand Euros (€100,000) per Claim**.

This amount shall form the limit of the Insurer's commitments for all types of Damage stemming from the same initial cause, regardless of the number of victims.

In the event that these Damages appear over more than one Policy Year, the Claim shall be attached to the Policy Year during which the first of the Damages appeared.

This amount shall form the limit of the Insurer's commitments for all Claims attached to the same Policy Year, with the understanding that:

- The amounts of cover thus fixed shall include the costs and fees of inquiries, investigations, expert assessments and lawyers as well as court costs and shall be reduced and ultimately exhausted by any out-of-court or court settlement of compensation or costs and fees.
- In case of exhaustion of the amount of cover "per Policy Year" before the expiry of the Policy Year, the cover may only be reconstituted for Claims subsequent to the signing of an addendum establishing the agreement of the parties on this point and setting the resulting additional Premium.
- The amount of cover "per Policy Year" shall be automatically reconstituted in full on the first day of each Policy Year.
- And, notwithstanding these stipulations, there is no derogation from the option of termination that the Parties hold under the law or the Policy.

6.3. Exclusions from the cover for private life Civil Liability

In addition to the Common Exclusions specified in these General Terms and Conditions, the following shall formally remain excluded from the Cover for "private life" Civil Liability:

- **Damage caused by the Insured Party in his or her Home Country;**

- **Non-consequential Intangible Damage;**
- **Dangerous sports: mountaineering, caving, boxing, polo, karate, American football, parachuting, aircraft piloting, gliding, hang gliding, bungee jumping, microlighting, or scuba diving;**
- **All consequences of contractual commitments made by the Insured Party to the extent that the obligations that would result exceed its obligations under common law;**
- **Damages caused by the Insured Party while hunting;**
- **Judicial compensation, usually referred to as "Punitive" or "Exemplary Damages" and generally defined as compensation supplementing the reparation of the actual harm, which may be awarded to victims by the courts of the USA or Canada, where they consider that the party having caused the Damage had "anti-social" or "more than negligent" behaviour or was "in wilful ignorance of its consequences".**

- Damage caused by or to any land motor vehicle whether subject or not to the vehicle insurance obligation (including trailer, tow bar or articulated lorry) when the Insured Party is the owner, driver or custodian. It is understood that this exclusion also applies to damage caused by the use of micro-tractors, tilling machines, ride-on lawnmowers, toy vehicles of any engine capacity and any Personal Transport Vehicle.

- Damage caused by the Insured Party in any country other than the country of his or her posting or expatriation or his or her Country of Origin or Residence.

6.4. **Time Limits**

The cover triggered by the Harmful Event shall cover the Insured Party against the financial consequences of Claims when the Harmful Event occurs between the initial Effective Date of the cover and its date of termination or expiry, regardless of the date of the other components of the Claim.

6.5. **Criminal Defence and Appeal**

The implementation of this cover is entrusted to:

GIE CIVIS, 90, avenue de Flandre, 75019 Paris,

Phone: +01 53 26 25 25

which is appointed by Chubb European Group SE to provide the insured services.

a) Purpose of the cover

The purpose of this cover is to provide the Insured Party with the legal and financial resources needed:

1. To make a claim out of court and, where necessary, through the courts, for financial compensation for any Damage suffered by the Insured Party, subject to the following three conditions being met:
 - The Damage is covered and a natural or legal person who is not an Insured Party under this policy is responsible therefor,
 - The Damage occurred in circumstances in which the Civil Liability cover under this policy would have been available to the Insured Party if it had been responsible therefor to the detriment of a Third Party,
 - The cost of the Damage is equal to or greater than the intervention threshold of €300
2. To defend the Insured Party before criminal courts and administrative hearings, if he or she is prosecuted for a breach or offence as a result of an event covered by the Civil Liability cover provided under this policy

b) Insured services

The Insurer undertakes, subject to the conditions set out in paragraph d):

1. To provide the Insured Party with all information on the extent of his or her rights and on how to assert them, and to take all steps and measures and implement all legal means to resolve the dispute;
2. To refer the matter to the lawyer chosen by the Insured Party and, if no choice is made, to provide it with a lawyer:
 - Where the interests of the Insured Party need to be defended, represented or invoked before a court or hearing,
 - In the event of a conflict of interest, i.e. if GIE CIVIS is required to simultaneously defend the interests of the Insured's opposing party;
3. To pay the fees of agents (lawyers, correspondents, bailiffs and experts) and all other necessary costs, insofar as these costs and fees need to be incurred by the Insured Party to have his or her rights recognised and enforced, subject to the following limits:
 - €30,000 in the USA
 - €16,000 outside the USA

c) Geographical scope of the cover

The cover applies outside the Insured Party's Country of Origin or Nationality.

d) Implementation of cover

1. Declaration

Any event that may result in a claim being made under this cover must be declared in writing to GIE CIVIS.

Note: without prejudice to the provisions of §3, the Insured Party must, except on the occurrence of unforeseen circumstances or a force majeure event, make this declaration before referring the matter to a lawyer or commencing any legal action, failing which the cover shall lapse.

2. Assembling the file

The Insured Party undertakes to provide, at the time of the declaration and subsequently upon receipt, all documents, information and evidence relating to the dispute and relevant to verifying that cover is available, investigating the claim and finding a solution. In particular, the Insured Party must provide all information that serves to identify and find its opposing party and to quantify and support its Claim, as well as all information about any other insurance policy from which it may benefit in connection with the declared events.

Note: the Insured Party shall forfeit any right to cover and be required to reimburse any costs already incurred if he or she knowingly makes inaccurate statements (including by concealing certain documents or information) concerning the nature, causes or consequences of the dispute or any information relevant to resolving the dispute.

3. Prior agreement on bringing proceedings

The conduct of the claim, the appointment of agents and the action to be taken shall be decided by mutual agreement between the Insured Party and GIE CIVIS.

In the event of disagreement, the Insured Party may submit the disagreement to arbitration as provided for in e), but may also, after notifying GIE CIVIS in writing, bring the disputed proceedings himself or herself. If he or she obtains a more favourable final solution, GIE CIVIS will reimburse, on presentation of supporting documents and within the limits of the cover, any costs that he or she incurs that are not borne by the opposing party.

Note: subject to this particular scenario, any action taken by the Insured Party at his or her own initiative without the prior agreement of GIE CIVIS shall remain his or her responsibility unless such action constitutes a genuinely urgent protective measure in relation to which the Insured Party was unable to contact GIE CIVIS, including by telephone, and provided that such measures prove to be appropriate.

4. Choosing and engaging lawyers

If a lawyer needs to be engaged, the Insured Party shall be entitled to choose the lawyer (i.e. to give his or her name to GIE CIVIS).

Where the Insured Party chooses his or her lawyer, he or she must never engage the lawyer directly. The lawyer must be engaged by GIE CIVIS. The amount covered by the Insurer is assessed by mutual agreement between GIE CIVIS and the Insured Party or, failing that, as stated in E, based on the nature and issues at stake in the matter.

The Insurer shall not cover any additional costs resulting from the engagement of a lawyer who is not able to practise in the relevant jurisdiction (travel costs, costs of pleadings, etc.).

If the amount covered by the Insurer is less than the lawyer's fees, or the estimate that has been made, the Insured Party may appoint another lawyer or stay with his or her initial choice by paying any excess fees himself or herself.

5. Payment of sums and subrogation

GIE CIVIS shall directly pay the covered fees and expenses without the Insured Party being required to make any advance payment, unless the Insured Party is able to recover value added tax, in which case GIE CIVIS shall repay to it, on presentation of supporting documents, the VAT-exclusive amount of these costs and fees.

GIE CIVIS shall repay to the Insured Party the sums and compensation obtained for its benefit within thirty days of the date on which it receives them.

For its part, the Insured Party is responsible for paying any deposits, sureties or provisions that may be required to cover uninsured charges.

The Insurer is subrogated under Article L. 121-12 of the Code to the rights and actions of the Insured Party against Third Parties up to the amounts that it has paid.

The Insured Party undertakes to protect these rights and, where necessary, pay the Insurer any amounts that it may directly receive in this respect, in particular those obtained pursuant to Article 700 of the French Code of Civil Procedure or any other equivalent provision.

e) *Resolution of disputes arising between GIE CIVIS and the Insured Party*

At the Insured's request, any disagreement arising between GIE CIVIS and the Insured Party regarding the implementation of this cover shall be submitted in a joint application to the Presiding Judge of the District Court with jurisdiction over the Insured Party's place of residence, acting as arbitrator.

The costs of this joint application shall be borne by the Insurer and such application shall not prohibit the Insured Party from seeking any other legal remedies at its own expense.

- **All necessary measures must immediately be taken to limit the consequences of the Event and speed up the recovery of the Insured Party, who must submit to the medical care required by their condition. The Insured Party shall forfeit any right to cover in the event of a failure to fulfil this commitment to limit the extent of the Claim;**
- **The Insurer's doctor must be able to freely examine the Insured Party in order assess their condition. Any unjustified refusal to comply with this assessment, after a formal notice has been provided by registered letter, shall result in the forfeiture of the cover.**

D. Documents to be provided

1. **All heads of cover**

- The Policy number.
- The detailed claim declaration
- Supporting documents for the request depending on the cover
- The Insured Party's bank details [RIB/IBAN]

2. **For the cover for Accidental Death and Accidental Total or Partial Permanent Disability**

The declaration must include:

- A written declaration specifying the circumstances of the Accident, the name of the witnesses, and possibly the identity of the reporting authority if a report is prepared as well as the number of the police or gendarmerie report established following the Accident.
- At the request of the Insurer's physician, the certificate of the physician, surgeon or hospital called in to give first aid and describing the injuries.
- Birth certificates of Dependent Children as well as a copy of the tax return proving that they are the Insured Party's dependents.
- The death certificate.
- Documents establishing the capacity of Beneficiary in case of Accidental Death, and the name and address of the lawyer responsible for the estate.

3. **For the cover for "private life" Civil Liability**

Once the Insured Party has knowledge of an event likely to apply the cover under this Policy and no later than five (5) days, the Insured Party must, under penalty of Forfeiture of the cover, except in case of a fortuitous event or force majeure, notify the Insurer in writing or verbally in exchange for a receipt.

He or she must also:

- Indicate to the Insurer as soon as possible the circumstances of the Claim, its known or presumed causes, and the nature and approximate amount of the Damage.
- Take all measures to limit the extent of the Damage already known and prevent the occurrence of other Damage.
- Forward to the Insurer, as soon as possible, all notices, summonses, subpoenas, extrajudicial documents and procedural documents that are sent, delivered or served on him or her.

If the Insured Party fails to comply with the obligations listed in the previous three paragraphs, the Insurer shall have the right to compensation proportional to the Damage possibly caused by this failure to perform.

4. **For the Travel Incident cover**

In order for reimbursements to be made, the Insured Party must:

- complete a declaration of delay and/or have it stamped by an authorised person from the airline on which he or she is travelling or by an authorised person at the airport,
- send the Insurer, as soon as he or she returns and at the latest within 5 days of his or her return, the duly completed declaration of delay, a photocopy of his or her flight ticket, the purchase invoice for the insured ticket and the boarding pass stub.

5. **For the Baggage and personal effects cover**

The claim must be accompanied by the following information:

- the receipt for a complaint or declaration of theft made within 48 hours to an authority (police, gendarmerie, transport company, purser, etc.) in the event of theft or loss,
- booking forms with the carrier (sea, air, rail or road) where the baggage or items are lost during the period in which they were legally in the carrier's custody,
- the check-in ticket for the baggage delivered late by the transport company and proof of late delivery.

If these documents are not provided, the Insurer shall be entitled to claim compensation from the Insured Party equal to its resulting loss. The sums insured may not be considered to constitute proof of the value of the property for which the Insured Party is claiming compensation, or as proof of the existence of such property.

The Insured Party is required to prove, using any means in its power and any document in its possession, the existence and value of the property at the time of the Claim, as well as the extent of the damage. For business equipment, including laptop computers, the company for which you work may be asked to confirm the value of these items and that they were travelling with the Insured Party when he or she departed on the trip.

If the Insured Party has submitted a parallel claim to the carrier, the Insured Party must notify the Insurer thereof when declaring the claim.

Forfeiture of cover as a result of a fraudulent declaration:

If the Insured Party knowingly uses inaccurate documents as supporting documents, uses fraudulent methods, makes inaccurate declarations or withholds information, the Insured Party shall forfeit any right to compensation.

If the Insured Party recovers some or all of the stolen items covered by baggage cover

The Insured Party must immediately notify the Insurer by registered letter as soon as it becomes aware thereof.

- If the Insurer has not yet paid the compensation, the Insured Party must recover the items and the Insurer shall then only be required to pay for any damage or missing items.
- If the Insurer has already paid the compensation, the Insured Party may opt within 15 days:
 - either to abandon the items,
 - or to recover the items, subject to returning the compensation received after deducting the value of any damage or missing items.

If the Insured Party does not make a choice within 15 days, the Insurer shall take the view that the Insured Party has opted to abandon the items.

Section IV – Obligations of the Member

A. Declaration of risk on taking out the Policy

The Member must accurately declare all information of which they are aware that may enable the Insurer to assess the risks it is assuming and that are specified in the Policy's Special Conditions.

B. Declaration of changes to the risk during the life of the Policy

The Member must declare to the Insurer any aggravation of the elements used to assess the risk covered by the Insurer.

Where the modification constitutes an aggravation of the risk, such as if the new state of affairs had existed when the Policy was signed, the Insurer shall not be bound or shall be bound only by way of a higher Premium, the Insurer may propose a new Premium.

Should the Member refuse to pay this new Premium, the Insurer may terminate the Policy subject to a notice period of ten (10) days.

Any concealment, wilful misrepresentation, omission or inaccuracy in the disclosure of this information shall be subject to penalties, even if it has no impact on the Claim, in accordance with the conditions set out in Articles L. 113-8 and L. 113-9 of the French Insurance Code:

- **In the event of bad faith, by the Policy being rendered void;**
- **If bad faith is not established, by a reduction in compensation based on the premiums paid in relation to the premiums that would have been due had the risks been accurately and fully declared.**

In the event of a failure to fulfil the obligations relating to the Declaration of Risk on Taking Out the Policy and the Declaration of Changes in Risk during the course of the Policy, Forfeiture may be imposed on the Member.

C. Payment of the Premium

The Premium or, in case of split payment, the fractional Premiums and processing fees, in the amount stipulated in the Special Terms and Conditions, as well as the taxes, shall be payable in advance on the agreed dates.

Should a Premium or Premium instalment not be paid within ten (10) Days of its due date, and irrespective of the Insurer's right to pursue the enforcement of the Policy in court, cover may only be suspended thirty (30) Days after the Policyholder has sent a registered letter constituting formal notice.

If the annual Premium is payable in several instalments, the non-payment of a Premium instalment by the due date shall result in the remaining Premium instalments for the current Policy Year being payable.

The Insurer shall have the right to terminate the Policy ten (10) days after the end of the period of thirty (30) days mentioned in the second sub-paragraph of this paragraph.

If the Policy has not been terminated, it shall regain its ongoing effect at noon on the day following the payment of the overdue Premium to the Insurer or its appointed representative. In the case of an annual split Premium, the same shall apply after payment of the overdue instalments that were the subject of the formal notice, along with those that became due during the suspension period, as well as any applicable prosecution and recovery fees.

Section V – Cancellation of the Policy

The Policy may be terminated:

1. **By the Member**

The Member may terminate the Policy at any time falling one year after the policy is taken out, subject to providing one (1) month's notice.

And, pursuant to Article L. 113-4 of the French Insurance Code:

In case of disappearance of aggravating circumstances mentioned in the Policy if the Insurer refuses to reduce the insurance Premium accordingly within ten (10) days of the complaint made by the Member by registered letter.

Termination shall take effect upon the expiry of a Thirty (30) Day period from the date on which the notice of termination was sent to Insurer.

In the event of a price increase, the Member may terminate the Policy within fifteen (15) Days of the date on which it became aware of this increase.

Termination shall take effect upon the expiry of a Thirty (30) Day period from the date on which the notice of termination was sent to Insurer.

2. **By the Insurer**

In the event of non-payment of the Premium within the deadlines provided for in Section IV of this information notice (Article L. 113-3 of the French Insurance Code).

In the event of an increase in the risk if the Member does not accept the new Premium rate proposed by the Insurer by the deadline stated in Section IV of this information notice (Article L. 113-4 of the French Insurance Code).

In case of omission or inaccuracy in the declaration of risk at the signing or during the life of the Policy (Article L. 113-9 of the French Insurance Code).

3. **Automatically**

In the event of complete withdrawal of the Insurer's authorisation, under the conditions of Article L. 326-12 of the French Insurance Code.

4. **Termination formalities**

The termination of the Policy, by either party, must be notified at least two (2) months before the expiry date.

The Member must be notified of termination by the Insurer by registered letter.

Where the Member has the right to terminate the Policy, it may do so at its option, either by registered letter or by a declaration made against receipt at the Insurer's headquarters.

In the event that a registered letter is sent, any notice period for termination (except in the case of non-payment of Premiums) shall be counted from the date of the postmark.

In the event of termination during an insurance period, the portion of the insurance Premium for the remaining term shall be reimbursed to the Member if it has been paid in advance. However, this portion of the Premium shall be retained by the Insurer if the Policy was terminated due to the non-payment of Premiums.

The termination or non-renewal of the Policy shall have no impact on the payment of benefits accrued or originating during its term.

Section VI – Miscellaneous Provisions

A. Compliance with economic and trade sanctions

The Insurer is not deemed to provide cover and is not required to pay any claim or compensation resulting therefrom if the provision of such cover, the payment of such a claim or compensation exposes the Insurer or its parent company to any sanction, prohibition or restriction implemented pursuant to United Nations resolutions or economic and trade sanctions, or the laws and regulations of the European Union, France, the United Kingdom, France or the United States of America.

B. Expert appraisal in the event of disagreement

In the case of a medical disagreement, each party shall appoint a physician to organise a joint expert appraisal.

If these physicians fail to reach an agreement, a third physician shall be added to reach a final decision, which shall be final.

If one of the parties does not appoint a physician or if the physicians representing the parties do not agree on the choice of the third physician, the President of the High Court of the Insured Party's Home will appoint the physician.

Each party will bear the fees and costs relating to the intervention of the physician that the party has designated. The fees and costs of the third physician's intervention will be divided equally between them.

C. Supervision of the proceedings

For Damage within the framework of the "private life Civil Liability" cover and within the limits thereof, the Insurer alone shall assume the supervision of the proceedings against the Insured Party and shall have free exercise of remedies.

The Insurer shall pay the fees and costs of investigations, inquiries, expert appraisals, lawyers and proceedings. These costs and fees shall be deducted from the applicable cover amount.

The Insurer's handling of the Insured Party's defence does not constitute a waiver for the Insurer of its right to invoke any exception of cover of which it was unaware when it took on the supervision of this defence.

In the event of criminal proceedings in which the civil interests are or will be pursued within the framework of this body or any other later body, the Insured Party undertakes to include the Insurer in his or her defence without this commitment changing the extent of the cover under this Policy.

Under penalty of Forfeiture, the Insured Party must not interfere in the supervision of the proceedings when the subject thereof falls within the "private life Civil Liability" cover.

D. Settlement

The Insurer alone has the right, within the limit of its cover, to negotiate with the aggrieved persons.

No settlement or acknowledgement of liability occurring apart from by the Insurer may be enforced against the Insurer.

However, neither an admission of a material fact nor the sole act of having provided emergency assistance to the victim when it involves an act of assistance that any person has the moral duty to perform will be deemed an acknowledgement of liability.

E. Mediation

As this policy is made and signed in good faith, the contracting parties undertake, in the event of a dispute, to bring court proceedings only after an attempt at mediation.

To this end, they will each appoint a mediator. In case of disagreement between the two mediators on the resolution of the dispute, they may mutually choose a third mediator and rule by majority vote.

Each party shall pay the fees and expenses of the mediator that it has appointed and, where applicable, half the fees of the third mediator.

F. Limitation period

All actions arising from an insurance policy shall be limited to two (2) years from the date of the event giving rise to them under the conditions provided for in Articles L. 114-1 and L. 114-3 of the French Insurance Code.

Article L. 114-1 of the French Insurance Code provides that:

"All actions arising from an insurance policy are subject to a limitation period of two years from the date of the generating event.

However, this period will run:

1. In case of concealment, omission, or false or inaccurate declaration on the risk involved, from the day when the Insurer learned of it.
2. In the case of a Claim, from the day when the interested parties became aware of it, if they prove that they were unaware of it until then.

When the Insured Party's action against the Insurer is due to the recourse of a third party, the limitation period will run from the day when this third party initiated a court action against the Insured Party or was compensated by the Insured Party.

The limitation period will be extended to ten years for life insurance policies if the beneficiary is a person other than the Insured Party and, for personal accident insurance policies, if the beneficiaries are the assignees of the deceased Insured Party.

For life insurance policies, notwithstanding the provisions of paragraph 2, the beneficiary's actions will be limited in time to no more than thirty years from the death of the Insured Party."

Article L. 114-2 of the French Insurance Code provides that:

"The limitation period is interrupted by one of the ordinary causes of interruption of the limitation period and by the appointment of experts following a Claim.

The interruption of the limitation period of the action may also result from the sending of a registered letter or an email with return receipt sent by the Insurer to the Insured Party regarding the action for payment of the premium and by the Insured Party to the Insurer regarding the payment of the compensation."

Article L 114-3 of the French Insurance Code:

"Notwithstanding Article 2254 of the French Civil Code, the parties to the insurance policy may not, even by mutual agreement, change the length of the limitation period or add causes for its suspension or interruption."

The ordinary causes of interruption of the limitation period referred to in Article L. 114-2 of the French Insurance Code are set out in Articles 2240 to 2246 of the French Civil Code provided hereinafter.

Article 2240 of the French Civil Code:

The acknowledgement by the debtor of the right of the person whom the debtor attempted to prevent from invoking the statute of limitations interrupts the limitation period.

Article 2241 of the French Civil Code:

A legal action, even by way of summary proceedings, shall interrupt the limitation period and the peremptory time limit.

The same applies if the proceedings are brought before a court lacking jurisdiction or where the court referral is annulled due to a procedural error.

Article 2242 of the French Civil Code:

An interruption resulting from the proceedings continues to be effective until the closure of proceedings.

Article 2243 of the French Civil Code:

The interruption shall be voided if the plaintiff abandons the proceedings or allows the proceedings to lapse, or if the plaintiff's petition is definitively rejected.

Article 2244 of the French Civil Code:

The limitation period or peremptory time limit is also interrupted by a protective measure taken pursuant to French Civil Enforcement Proceedings Code or an enforcement act.

Article 2245 of the French Civil Code:

A formal demand made to one of the joint debtors by way of proceedings or an enforcement act, or the debtor's acknowledgement of the right of the person against whom the debtor invoked the limitation period shall interrupt the limitation period for all other parties, including their successors.

However, a formal demand made to one of the successors of a joint debtor, or this successor's acknowledgement thereof, shall not interrupt the limitation period with respect to the other joint successors, even in the case of a mortgage debt, if the debt can be divided. This questioning or acknowledgement only interrupts the limitation period, with respect to other co-debtors, for the portion for which the heir is responsible.

In order to interrupt the limitation period for the entire matter, with respect to other co-debtors, all the deceased debtor's heirs must be questioned or acknowledged.

Article 2246 of the French Civil Code:

The questioning of the principal debtor or its acknowledgement interrupts the limitation period against the surety.

G. Subrogation

Up to the amount of the compensation paid, the Insurer is subrogated under the terms of Article L. 121-12 of the French Insurance Code to the rights and actions of the Insured Party or his or her successors against any person responsible for the Claim. Similarly, where the cover provided under this Information Notice is fully or partially covered by another insurance policy or health insurance organisation, the Social Security department or any other institution, the Insurer shall take the place of the Insured Party or their Legal Representative in their rights against the aforementioned organisations and Insurers.
