Please note that the currency chosen for the plan (Euro or US Dollar) must be the same for all benefits selected.

Currency of the plan: Euro Dollar US

Compulsory benefits: Select your Lump Sum in case of Death/Permanent Total Disability (All Causes)

This lump sum must be between €25,000 (or \$30,000) and €1,000,000 (or \$1,200,000) in multiples of €25,000 (or \$30,000).

Selected amount:

The beneficiary (or beneficiaries) of this lump sum must be named at the bottom of the previous page.

5 SELECTION OF OPTIONAL YOUR LIFE & DISABILITY BENEFITS all of these options can be purchased individually

Death/Permanent total disability lump sum to be doubled in case of accident YES NO

Disability lump sum (All Causes) (Maximal lump sum paid in the event of certified infirmity with more than 33% disability)

This maximal lump sum can be between €25,000 (or \$30,000) and €1,000,000 (or \$1,200,000) but cannot be more than the amount of the selected death benefit.

Selected amount:

Income Protection benefits

In the event of temporary incapacity to work, this benefit allows you to maintain your standard of living by providing you with an allowance calculated according to the following rules. This allowance is based on your gross monthly income (or your gross annual income divided by 12).

The Daily Sick Leave allowance cannot be combined with Short-Term Disability (STD) benefit and/or Long-Term Disability (LTD) benefit. However, these last 2 benefits may be purchased together or individually.

• “French-style” Income Protection benefits (not available if one or more ‘Anglo-Saxon style’ Income Protection benefits have been purchased)

Daily Sick Leave allowance

Benefit which will be paid at the expiration of a mandatory waiting period (see below) and for a maximum period of 24 months and which will be followed by the payment of an annuity if your incapacity to work is recognized as permanent.

Your gross monthly income:

Three waiting periods are available: 30 days 60 days 90 days

Please check the appropriate box. Here the waiting period refers to the period during which you will not yet receive any benefits.

Amount of the daily allowance: amount of between €25 (or \$30) and €400 (or \$480) in multiples of €25 or \$30, limited to the amount of the selected death lump sum divided by 1,000. It cannot exceed 70% of the daily gross income declared for tax purposes (or gross monthly income divided by 30). If the maximum amount of benefit falls between two multiples of €25 or \$30, the higher amount will be accepted.

Example: Mr. M earns €5,000 per month and purchases a death lump sum of €300,000. His maximum daily allowance is calculated as follows: $(5,000 / 30) * 0.7 = 116.66$, which is within the limit of the death lump sum $(€300,000) / 1,000$. Mr. M will therefore be able to select a daily allowance of between €25 (minimum allowance) and €125. In the second case, his allowance would provide him with a monthly income of €3,750.

Selected amount:

• “Anglo-Saxon-style” Income Protection benefits (not available if STD and/or LTD benefits have been purchased)

Your gross monthly income:

a. Short term disability (not available if Daily Sick Leave benefits have been purchased)

This benefit provides you with an allowance from the 1st day of Temporary incapacity to work due to an accident or hospitalization and from the 7th day in case of illness.

This benefit will stop automatically at the end of one of the following 3 periods: 30 days 60 days 180 days

Please check the appropriate box. The allowance you receive is automatically 70% of your income up to 400 €/480 \$.

Example: Ms. B has a gross income of €7,000/month. Her monthly short-term disability allowance will be $(7,000 * 0.7) = €4,900$ (or €163.33 per day) for 30, 60 or 180 days depending on the duration she selected.

b. Long term disability (not available if Daily Sick Leave benefits have been purchased)

This benefit can take over from Short-term disability benefit, although it is not compulsory.

This benefit provides you with an allowance on expiration of one of the periods shown below and up to the 1,080th day.

If Short-term disability benefit has been purchased,

this period cannot be less than the one selected for the Short-term disability Benefit. 30 days 60 days 180 days

Please check the appropriate box. The allowance you receive is automatically 70% of your income up to 400 € /480 \$.

Example: Ms. B has a gross income of €7,000/month. Her monthly Long-term disability allowance will be $(7,000 * 0.7) = €4,900$ (or €163.33 per day) from the 30th, 60th or 180th day of sick leave, depending on the length of waiting period she selected.
